

Now is YOUR chance to make a REAL difference

Elect a campaigner with an unrivalled record

10 Years of the Fianna Fail / PD government has given us:

- Unsustainable planning where thousands of homes have been built with no basic infrastructure such as schools, public transport, childcare and community facilities.
- The second worst pupil teacher ratio in Europe, with Fingal being the worst in Ireland with 40% of our children in classes of over 30!
- Unnecessary projects such as a giant sewerage plant, a massive prison, a new super dump and a second major runway are being foisted on communities in Dublin North while vital necessary infrastructure remains absent
- An onslaught against jobs and conditions particularly highlighted in Irish Ferries, GAMA and now Aer Lingus where workers are being forced to work longer for less in a race to the bottom
- Rip off estate management companies where people are forced to pay for services that should be carried out by the council

These problems and the crisis in the health service are not an accident - they are the consequence of political decisions by politicians who place profit before the interests of working people.

Fianna Fail, Fine Gael and the Progressive Democrats are linked by a thousand threads to the property developers and construction firms who have netted millions from the decisions of these politicians at the expense of communities.

Clare Daly will use the Dail as a platform to continue to organise people in the communities and the workplaces to fight on all these issues.

If you believe there is a need for an alternative to the policies of this government and the so-called opposition then vote no. 1 Clare Daly.

Councillor Clare Daly -

a campaigner with a record second to none

Clare Daly has an unrivalled record of representing working people in Dublin North. She has campaigned tirelessly for over ten years on many issues such as water charges, the bin tax, workers' rights in Dublin airport and beyond, and sustainable planning.

Many candidates in this election are knocking on your door laden down with promises but have absolutely no record on any issue. These candidates are representing parties that have caused the problems we face.

Dublin North needs a campaigner in the Dail who has a proven record not lists of false promises. The difference between the Socialist Party and the rest of the so-called opposition is that we don't abandon people to the mercy of the government or the council - we organise to effect change.

CLARE DALY'S RECORD IN DUBLIN NORTH

- spent a month in prison with her party colleague Joe Higgins TD in September/October 2003 for protesting against the hated bin tax and refusing to abandon those people who elected her. The bin tax has increased every year since then which further vindicates her position at the time.
- as a SIPTU shop steward in Aer Lingus has campaigned in defense of workers pay and conditions and was the most prominent opponent of the criminal privatisation of Aer Lingus.
- has worked with residents in many areas against the rip off estate management companies where residents are being forced to pay for services which should be provided by the council.
- led the successful anti water charges campaign in north Fingal between 1994 -1997 – water charges are once again looming large - Dublin North needs a campaigner with a proven record on this issue.
- stood along side residents in every part of the constituency on the key issues in the community such as Traffic Management Plans, against mobile phone masts, the new parallel runway and the monstrous sewerage plant in Donabate.
- spearheaded the debate on the council and in many areas mobilised residents for sustainable planning, from Rivervalley and Glen Ellan in Swords to the LAP lands in Rush, to Castlelands and North West Balbriggan, Hacketstown in Skerries and Donabate.

If elected as a TD, Clare Daly...

- is the ONLY candidate who has ruled out propping Fianna Fail or Fine Gael in government. The other so called opposition parties are prepared to forget about people's needs to get into power.
- will live on the average working wage and donate the balance of the Dail salary to the Socialist Party and campaigns by workers and communities.

JOE HIGGINS TD
the real opposition

If elected, Clare Daly will join her colleague Joe Higgins TD who has been singled out by many as the opposition in the Dail beating the race to the bottom at GAMA, imprisoned for his opposition to the bin tax and the only TD to really put the establishment under pressure.
